NO 45.

An Unfortunate Affair.

On Sixth avenue Friday afternoon in an unfortunate affair Dr. Irvin was stabbed in the back by a negro named O'Rear. The negro was immediately arrested by Deputy Sheriff John M. Kennon, and it was through his protection that violence was not at once wrought on the negro. Mr. Kennon hurried with his prisoner to Stanton and he was dispatched from there to Jackson jail. The wound inflicted on Dr. Irvin was quite severe but not at all serious and he is now going about again.

Now-a-days the judicious parent in sending his son off to college, should take care to select an institution that has good doctors and surgeons within call, as irreligious foot ball craze is raging.

Plans have been accepted by the Lincoln Savings Bank for the erection of a twelve-story building at Fourth avenue and market street, Louisville, to be completed within eighteen months.

The snow is deep and we are partly under, but we'll bloom again next Spring.

ELECTION

In Powell Very Quiet; Republican Gains With Blackburn in.

Easter Runs Ahead of County Ticket But Loses by Republican Majority in Estill.

The returns from the election in Powell are far from satisfactory. We waited until today to get the exact vote and then failed. The result as announced soon as the unofficial count was made, gives Albert Easter, for Representative a majority of 75 votes, George M. Derickson, for County Judge, 22, while Mr. Edward Rose for County Clerk loses in the race by 14. His home precinct at Clay City gives him the handsome majority of 79, while Derickson follows with 73 and Easter 69. All the other candidates had no opposition, consequently are elected.

In Estill county Albert Hamilton got a majority of 135 over Easter which elects Hamilton by sixty votes.

D. D. Potts, Democrat, is elected Magistrate in this district, Mr. Crooks, Democrat, in the Bowen district, but Hardwick's Creek and Stanton elects Wm. Davis, Republican. Mr. Davis will be the first Republican Justice in the county for a number of years.

Hardwick's Creek went Republican, by giving Knox 8 majority. This is the first time this precinct has done that since the war. Clay City's Democratic majority 79 is an increase of 20 votes over last year.

The entire fusion city ticket has won in Clay City by small majorities.

In this action the present city Democratic administration has been repudiated, with all of the many improvements that they have brought about. We will now wait and see what the new council will do for the people. If they can sprinkle the streets with gold dollars, so let it be.

Every Democrat (?) on the Fusion ticket could have just as easily been nominated and elected on the Democratic ticket, but they of their own choice, preferred a mix-up with the Republicans. In this we hope they are satisfied and will go ahead and do their great things for the municipality.

We concede every election as reported. In Clay City at least we never saw a fairer election held, here or any where else. The Citizens ticket is the choice of the people, we will now do as much for that ticket as we would have done for the Democrats had they won. We believe always in majority rule and no contests.

The entire Democratic ticket is elected in Montgomery county by a majority ranging from 250 to 350; in Clark the Democrats win by over 900; of course Wolfe and Menefee are solidly Democratic. The Republicans won in Estill, but they had the hardest fight of their lives. O. W. Friend, Democrat, however, is elected

County Attorney.

The fusionists carried in Breathitt; Lexington is Democratic by almost 3 to 1. The Democrats carry Louisville by 3,000 majority. Democratic gains are reported in all counties of the State except Powell, and she will come from this later on.

It is a fact that as such, every Republican in Powell county did his duty. They always see to that, and it seems that they looked after it twice Tuesday.

We are indeed very thankful that as the result is no better it's no worse.

When is Thanksgiving?

Our almanacs and calendars all tell us that Thursday, Nov. 23rd is Thanksgiving day, but President Roosevelt has issued a proclamation which annuls these instructions and says Thursday, Nov. 30th shall be Thanksgiving day. As the President's day is the day we have always observed heretofore, we are inclined to think he is right and will observe the day he prescribes.

Kentucky Game Laws.

First—It is a fine of not less than \$5 nor more than \$25 to kill or have in possession after being killed, any partridge or quail, except between November 15, and December 31, or any rabbit or squirrel between September 15, and November 15.

Second—It is a fine of from \$10 to \$25 to buy, sell, transport, or to have in possession to sell or transport, any quail or partridge. Each bird is a separate offense, and the fine is from \$25 to \$50 for each offense after the first.

Third—The Game Warden has the power to arrest on sight, and without warrant, anyone found violating these laws, and may confiscate and destroy any guns, dog or game found in possession of such person.

A person reporting an offender is entitled to receive one-half of the fine imposed, and we are authorized by a responsible gentleman to say that he will pay \$10 additional to the person reporting the offender if a conviction is had.—Ex.

Hog Killing Industry Waning.

In many states the old fashioned country hog killing industry is waning and the American Farmer is moved to remark:

"It is regrettable to hear that so many farmers have ceased to cure their own meat and are depending, just like us poor city folks, on packing house products. Is it possible we are threatened with the calamity of seeing the country-cured ham and bacon go out of fashion and be added to the list of lost arts? Some years ago all farmers had their smoke-houses and raised and cured their own meat. In those blessed days nobody had heard of the 'cured-while-you-wait' abomination of this age, but now it is hard to get the old time luxuries anywhere. We should think it a good custom to revive on a large scale for purposes of profit alone, to say nothing of once more being able to enjoy that inimitable tid bit—the country cured ham. The latter,

properly put up, will bring double the price of the packing-house product among the well-to-do in all the large cities and the patent process breakfast bacon can not compete with that smoked and cured at home."

SPOUT SPRING.

James F. McKinney was at Stanton Monday on business.

The Masonic Lodge at this place will meet Saturday afternoon.

Wheat is selling in this community is bringing two dollars per barrel.

Elder B. S. Pugh, of Winchester, was here Wednesday on a business mission.

Owing to the inclement weather, but few were out to preaching at the Baptist church Sunday.

Moses McKinney came home from Montgomery county Sunday and of course staid over to vote.

Miss Monroe returned to her home at Pilot View Saturday after several days stay with her brother, Luther Monroe, near here.

The election passed off very quietly in this precinct. Our candidate for County Judge, the Squire John W. Tuttle carried it by a majority of nine votes.

The School Question.

The paramount problem in Kentucky today is the problem of Education: and the supreme educational problem is the problem of the rural school—the elementary country school. If the past may be taken as and index to the future, we must continue to look to the country as the main source of supply for men who, as leaders of thought and action, are to be our torch-bearers of civilization.

The conditions most conducive to the development of stalwart, independent manhood are to be found in the country. Over four-fifths of our people live in the country and engage in agricultural pursuits. When the farmers prosper, all the people, of whatever calling, have good times. And so everybody should have a vital interest in the intelligence and thrift of the country. Kentucky cannot be a strong and prosperous Commonwealth without a strong and prosperous rural population.

The public schools, next to the home, and the church, is the agency to which we rightly look for the moral as well as the intellectual training of most of the future citizens of the state. The public school is already easily the greatest secular unifying force of the nation; and it is capable of doing more for the moral and intellectual training of the masses, than all other agencies combined.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer One Hundred Dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. A Shame Which Must be Righted.

What have the Democrats of Powell county done? They have elected a Republican County Clerk; the Republicans didn't do it; they couldn't do it for they are not in the county to do it. We don't blame the Republicans, but admire them all the more. Such poor Democrats that will knife a candidate just because they are not exactly satisfied, are to be pitied. No justifiable excuse have we yet heard of for their action.

There was not a better man or a better Democrat on the ticket, and there never was heretofore. His defeat is a disgrace to the party in the county, for he is worthy of any office in the county, and then to be singled out and beaten by his own party is a low down shame.

Amends should be made to Mr. Rose four years hence by giving him the best office in the county if he wants it. The Democratic party of Powell certainly owes a vindication to Mr. Rose and it must be rendered at the earliest time possible.

Important Memorandum—The product is the most important factor in painting. A job completed by a good painter with the best quality of paint, costing \$100.00, will last for years. The same job completed by a cheap painter with cheap paint, costing \$50.00, will last only one year. Therefore, the "pay-back" cost of the good painter's job is \$11.50—the poor painter's \$25.00.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

There's one indisputable reason why a reason every honest painter will acknowledge—"The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. "Rowdy" and "Collegian" are fast becoming synonymous names. Man's Unreasonableness

is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by Swann-Day Lumber Co., price 50c.

If You ARE A Democrat

Or if You are not You will want to read

Bryan's Commoner.

ON MARCH 17 The Commoner announced the Primary Pledge organization plan. This plan provides for Democrats to sign a pledge, binding themselves to attend all primaries of their party between now and the national campaign of 1908. It is a practical method for the organization of the party by the rank and file, in order that it may prove true to its name and be the efficient servant of the people in the establishment of reform. A little investigation will convince you that the Commoner has hit upon a feasible and effective method of persuading Democrats to participate in the councils of their party.

These pledges are pouring into the Commoner office by the thousands, where they are carefully filed by state, county and voting precinct.

If the same interest manifested in this work during the past four months is maintained during the next two years, the total membership will exceed four million Democratic voters.

The Commoner is issued weekly, subscription \$1 a year. By special arrangements, for a short time only, we offer the Clay City Times and The Commoner one year both for \$1 10.
